

G FLOOR

LVT Luxury Vinyl Tile

What is G FLOOR LVT ?

Luxury Vinyl Tile (LVT) is a heavy duty vinyl floor, produced as individual tiles or planks. Planks are made by combining very photo realistic natural looking wood designs with durable wear layer and a strong vinyl backing layer at the bottom.

LVT is highly moisture resistant. This results in a floor that is easy to maintain and clean, highly durable and easy to install. While being cost effective, this environmentally friendly product is also much easier to maintain compared to wood or tile.

G FLOOR LVT - Product Benefits
