G|FLOOR
Luxury Vinyl Tile

What is G FLOOR LVT ?

Luxury Vinyl Tile (LVT) is a heavy duty vinyl floor, produced as individual tiles or planks. Planks are made by combining very photo realistic natural looking wood designs with durable wear layer and a strong vinyl backing layer at the bottom.

LVT is highly moisture resistant. This results in a floor that is easy to maintain and clean, highly durable and easy to install. While being cost effective and easy to install, this environmentally friendly product is also much easier to maintain compared to the traditional flooring options.
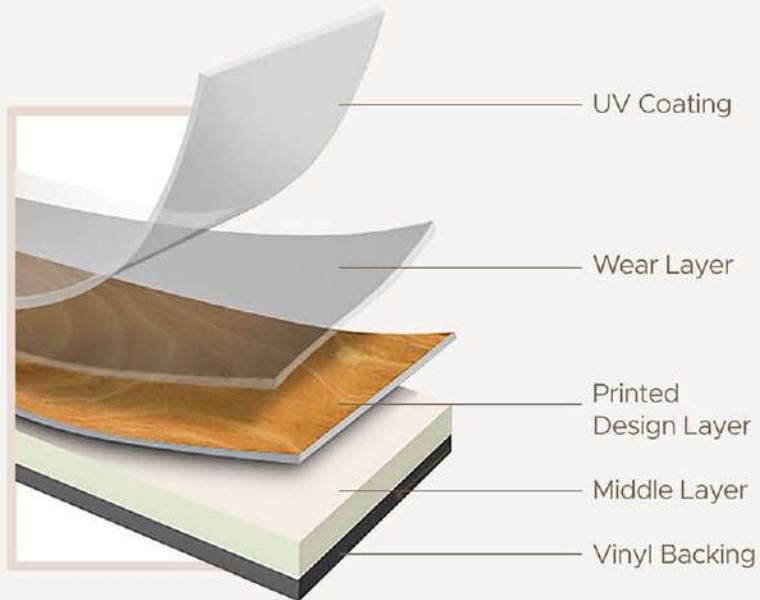

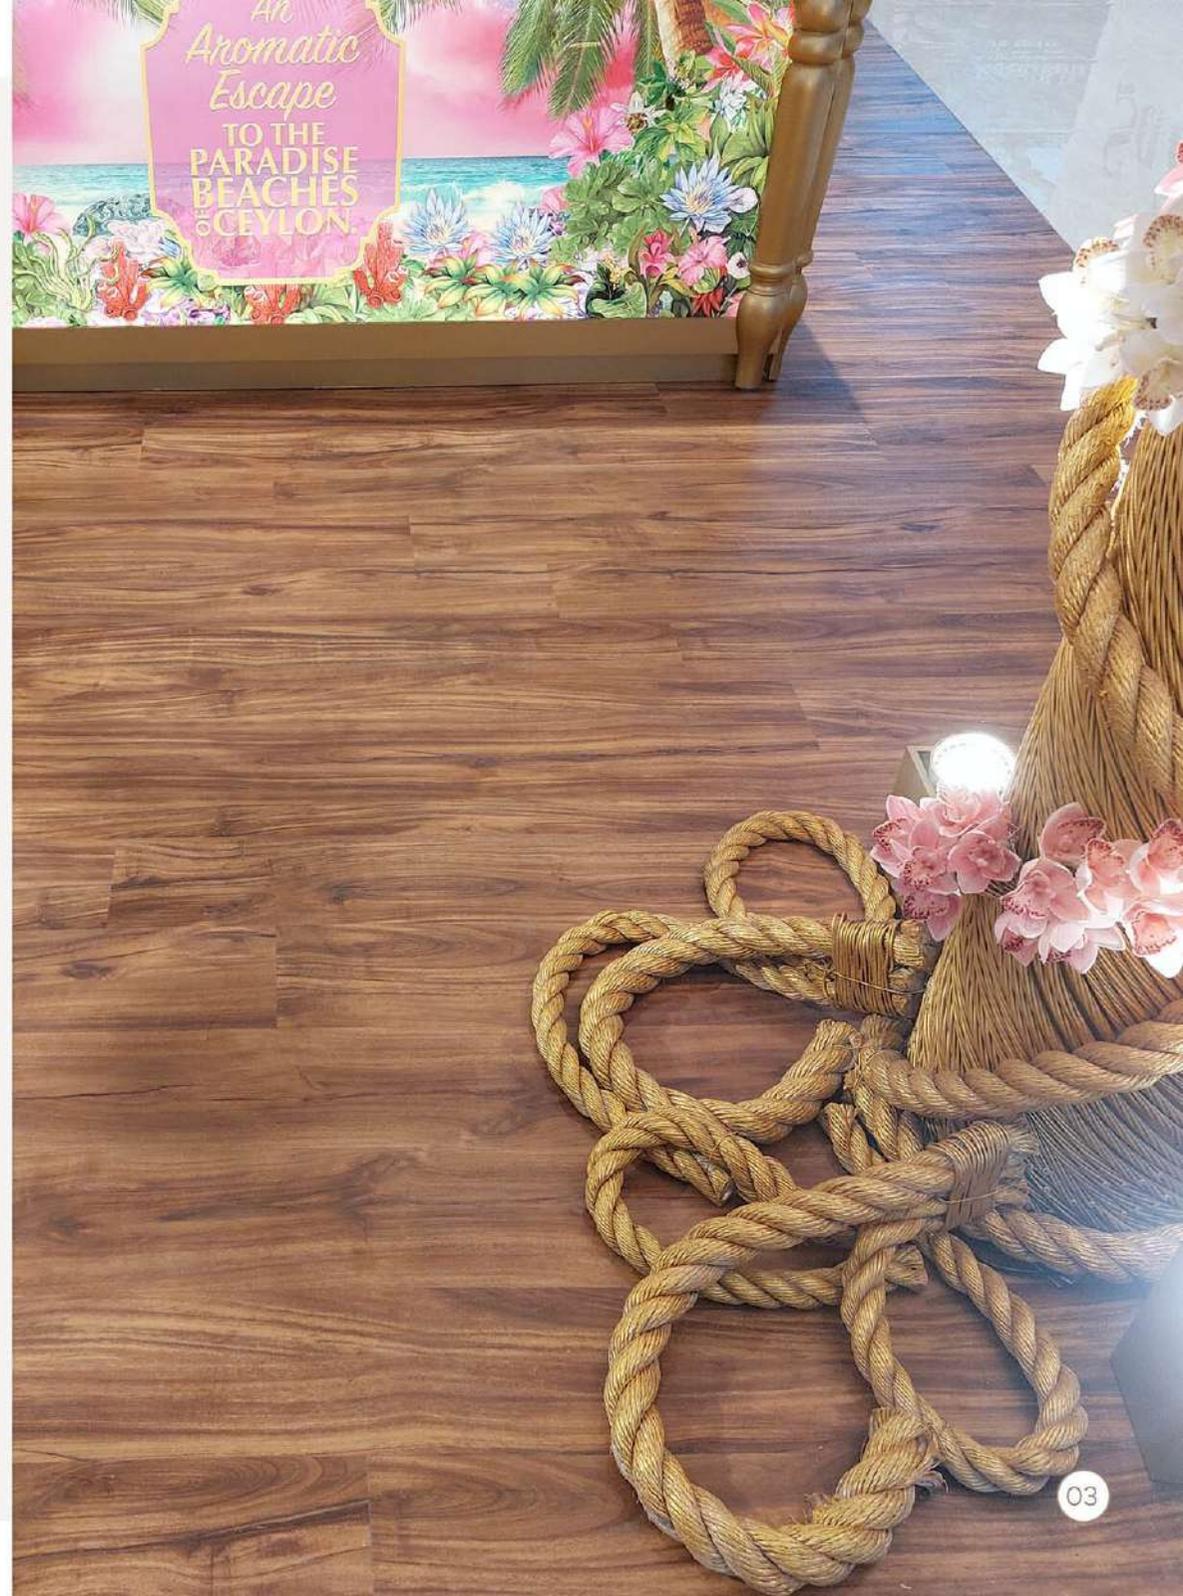

G FLOOR LVT

Structural view
Product is made up with five layers

- UV Coating
- Wear Layer
- Printed Design Layer
- Middle Layer
- Vinyl Backing

Product Specifications

Thickness	1.5mm | 2.0mm | 3.0mm |4.0mm
Wear Layer	0.15mm | 0.20mm | 0.30mm | 0.50mm | 0.70mm
Application Method	Glue Down
Plank Size	6" X 36" | 152.4 mm X 914.4 mm 7" X 48" | 177.8 mm X 1219.2 mm

Sustainability
of Vinyl Flooring

ENVIRONMENT FRIENDLY

At GFloor, we care about our planet and people.
We are dedicated to protecting and enhancing
our planet and our place in it through sustainability,
transparency and innovation.

Our floors are safe, healthy and phthalate-free.
They are easy to clean using a minimum amount
of water and no harmful chemicals, ensuring
minimal impact on the environment throughout
its life. Our floors are also fully recyclable.

Our production plants are certified with ISO 9001,
is testament of our commitment to providing the
highest quality products in the most sustainable
manner possible.
